Curriculum

Based on the beliefs and mission, the school improvement framework for Scipio Elementary and Jennings County School Corporation is the Strategic Planning Process that was conducted during the 2012-2013 school year and updated annually. During the Spring of 2017, our district approved to reassess the strategic plan in the fall of 2017. Our plan can be found at our school, the district administration office, and on the district website. While keeping the mission of “*inspiring and empowering students*” at the forefront, our teachers utilize the IN Academic Standards in conjunction with Career and College Readiness standards to ensure we have a curriculum that meets and exceeds state expectations. Our teachers also utilize state approved and district adopted texts as learning resources and tools with students. The following adopted texts are utilized by our teachers for ensuring all IN Academic Standards and skills are taught throughout the school year. Copies of these texts, along with our curriculum and school data are available at our building for public view.

<i>Pearson/Scott Foresman Reading</i>	<i>K-6</i>	<i>Houghton Mifflin Harcourt</i>	<i>K-6</i>
<i>Scott Foresman Social Studies</i>	<i>K-6</i>	<i>Harcourt Brace Health</i>	<i>K-6</i>
<i>Scott Foresman Science</i>	<i>K-6</i>		
<i>MacMillan/McGraw-Hill Music</i>	<i>K-6</i>		

Our core curriculum follows the Indiana Department of Education Curriculum Maps for teaching the IN Academic Standards (IAS) for reading, English/language arts, math,

science, social studies, fine arts, and physical education. Our teachers utilize texts approved by the state and adopted by our district.

Our curriculum and instruction is also supported and supplemented with technology and software programs. With wireless internet access, resources are almost limitless. In addition, programs such as Microsoft Word, Excel, PowerPoint, Publisher, Pearson Success.net, Harcourt Math, Accelerated Math and reading, Reading Eggs, and more are utilized to provide instruction and learning practice for students.

COMPREHENSIVE NEEDS ASSESSMENTS

Vision Statement

Jennings County Schools Vision and Mission Statements:

Our mission is to inspire and empower our students to reach their full potential as lifelong learners and productive members of a global community.

Our Core Values

We believe that . . .

- An open and positive environment promotes respect, honesty and trust;
- Lifelong learning encourages creativity, responsibility and productivity;
- The partnership among schools, families and the community is essential to the complete educational experience;
- Each person is unique and has value;
- When each person contributes, the individual and community thrive;
- Understanding diversity enhances our lives and community;
- Goal setting and high expectations lead to success;
- Everyone can learn.

Technology Plan:

Goals for 2017- 2018:

- We want to continue to build greater communication between parents and schools so that parents can learn from us and we can learn from them. Jennings County School Corporation needs to make sure that parents understand the need for technology and that they are aware of how students should care for and maintain devices so that they remain in good working condition and have a low maintenance cost. The school corporation can gain better understanding from parents on what students' technology needs are in their home environments. There are still homes in Jennings County that have little or no wifi access and we need to continue looking for ways to help these students so that they have access to the tools they need.
- We want to continue teaching teachers and students how to use Google Drive for saving classwork. Google Drive will allow students to work on homework in zero wifi areas and also contains collaboration tools that work within Google Classroom.
- We want to continue to incorporate Digital Citizenship into curriculum at all grade levels so students improve their Digital Literacy and Digital etiquette skills.
- We want to continue to plan and prepare for elearning days when there is inclement weather. In situations such as the winter of 2015, where students missed a lot of school

days because of snow, we can conduct lessons digitally to help keep students on pace with their current studies.

- Now that the students all have a new device, we would like to start replacing aging teacher computers and iPads.
- We want to look at mounting our power strips to the wall or to tables in classrooms to help address safety concerns.
- We want to continue to update our school web site with an emphasis on maintaining a consistent look for all of our schools. We will also continue to update the web site to help meet state accessibility guidelines.

To accomplish these goals:

- The Jennings County School Corporation will utilize surveys to communicate with parents to help with learning more about internet capabilities outside of school. We have technology staff members at the school registrations and open houses to answer questions about technology and the 1:1 program.
- The Jennings County School Corporation will continue working with Five Start to train teachers and coaches in Google Apps For Education, as well as the planning and preparation needed for eLearning Days.
- We will continue to use instructional coaches to help assist teachers with integrating technology into curriculum
- We will work with the maintenance department to come up with a plan to mount power strips to tables and walls.
- We will work with vendors to get the best possible pricing for new teacher devices.
- The Jennings County Schools Technology Committee will meet every ninety days to discuss and work on accomplishing our goals.

Cultural Competency:

American classrooms are becoming increasingly diverse. Therefore, cultural competence is a key factor in enabling educators to be effective with students from cultures other than their own.

Our corporation follows the elements that contribute to a system's ability to become more culturally competent.

- We value diversity.
- A leadership team is in place and implemented sensitivity training.
- Teachers continuously teach students about ethnic, race, religious and sexual differences in their lessons.
- Martin Luther King, Jr. Day is celebrated and recognized at our schools.
- One week during the month of May is devoted to multi-cultural awareness in all schools.

GOALS & STRATEGIES

North Vernon Elementary Action Plan for the years 2016-2020

Goal 1: By the Spring of 2020, 76% of the NVE students will be above standard in language arts/reading as demonstrated by the ISTEP+ in grades 3 - 6.

Measurable Objectives:

- At least 76% of students in grades K-6 will show mastery in formative assessments for language arts and reading using on-going grade level assessments and benchmark assessment based on the Indiana Academic Standards.
- At least 76% of students in grades K-6 will achieve grade level norm score on the benchmark/screening assessment.
- Corporation benchmarks will be used to assess its goal.

DIFFERENTIATED LEARNING

Struggling students intervention plan

Teachers use assessments such as daily anecdotal records, benchmark/screening assessments, running records, semester exams, and unit tests to assist in instructional decision making. These are used to determine our instructional needs as well as differentiation in classroom instructional strategies. Teachers implement skills to meet individual student needs through flexible grouping. Teachers use ongoing progress monitoring and assessments to ensure that all students are succeeding. Teachers use tiered lessons, literature stations, varied tests and both small and large group instruction. Core instruction is strengthened with differentiated classroom instruction. The Response to Intervention Model has guided the teachers and paraprofessionals in providing strategic interventions for students having difficulty.

Tier 1: Core Instructional Interventions

- The whole class (all students) receives scientific, research-based instruction in mathematics and language arts.
- Whole and small group differentiated instruction takes place.
- 90-minute daily core language arts instruction in the five essentials (phonemic awareness, phonics, vocabulary, comprehension, and fluency.)
- 60-minute daily core math instruction.
- The core curriculum should be effective for approximately 80% of students. Therefore, if a significant percentage of students are not successful, the curriculum and/or instruction should be examined for contributing factors.
- Benchmark testing, and/or universal screening, of all students takes place at periodic intervals throughout the year (e.g., fall, winter, and spring).
- Based on the results of this benchmark testing, a percentage of students (approximately 15%) are identified for Tier 2 Intervention.

Tier 2: Targeted Group Interventions for Language Arts and/or Math

- Supplemental, research-based instruction takes place for small groups of students who haven't responded to the core curriculum and need additional support.
- 30 minutes daily beyond the Tier 1 core program.
- Additional interventions in small groups of 3 to 5 students with similar needs are implemented.
- Based upon continuous progress monitoring, students may move back to Tier 1, modifications to the Tier 2 Interventions may be made, or students may be identified for Tier 3. Typically 5% of students are identified for Tier 3.

Tier 3: Targeted Intensive Interventions for Language Arts and/or Math

- More intense and explicit research-based instruction takes place for individuals or smaller groups of 2 or 3 students who haven't responded to Tier 2 interventions and need additional support.
- This tier includes high-risk students experiencing considerable difficulty.
- These students receive up to an additional 60 minutes of intensive intervention in addition to the 90-minute (60 minute Math) Tier 1 core curriculum.

Based on continuous progress monitoring, students may move back to Tier 2, remain at Tier 3, or be recommended for special education services based upon comprehensive assessments.

Advance Student Enrichment Plan

For the 2016-2017 school year, we are going beyond differentiation in the classroom or RTI for high ability. Teachers in our district create projects and curricula designed to develop rigor and depth of knowledge beyond what has been accomplished in the past. This year students will be working on independent study projects, presentations and book studies. HA students are currently working on projects that involve problem solving using multiple math techniques. A future project will involve finding a solution for the trash and waste issues around the globe. Students are meeting standards, going beyond those standards, and incorporating topics into real world application.

STAFF COMPREHENSIVE NEEDS ASSESSMENT

Opportunities and expectations for teachers to be included in the decision making related to the use of the academic assessment results leading to the improvement of student achievement.

The following actions will be completed at NVE in order to ensure decision making is shared by all stakeholders:

- Develop and implement a data wall/digital data wall to track student on-going progress toward benchmark goals. Data used will include JCSC benchmark assessments, ISTEP+, and benchmark/screening assessments. This data wall will be used by all staff to reflect on student needs based upon that relevant data. This discussion will lead to modifications and changes to curriculum and assessment as needed. This is part of a collaborative effort between teachers and administrators.
- The School Wide Planning committee which is comprised of teachers, administrators, paraprofessionals, parents, and community members will meet annually to review the selection, use, and interpretation of school based assessments.
- Reviews of annual data results from standardized assessments are part of a collaborative effort among and between grade level teachers.
- Collaboration will include time to focus on compiling and comparing instructional resources that will align with the state standards to help with our transition to the new assessment model.
- Common planning time among grade levels will be implemented in order to increase teacher participation in all decision making processes.
- The specific skills to be targeted in grades K-6 will be dependent upon the standardized test results annually. The school wide planning committee will meet when results are available for each academic year to review data and set the appropriate goals and strategies to meet the current needs. Each grade level teacher team has a representative on the committee.

Highly Qualified Teachers

100% of staff in our school is Highly Qualified. IDOE form Elementary Highly Qualified template attached. Appendix 1

Strategies to attract HQ teachers to the school

In order to help attract the most high quality staff available the following initiatives will be implemented:

- * The corporation will post all positions at each school, at the central office, and on the corporation website.
- * Positive Climate (Evidenced from a survey of school staff that resulted in staff showing high satisfaction with school leadership, positive staff relationships, and a safe environment.)
- * Access to resources and materials. (Classroom teachers receive a yearly supply budget, classroom supplies for students, and have access to a school leveled book room.)
- * Time for collaboration (Grade level teams meet monthly for common planning.)
- * Professional Development (Teachers receive professional development during common planning times, teacher's meetings, and corporation training days. They may also attend additional outside training opportunities by request and principal approval. Financial support to attend outside training is often approved.)
- * New teacher mentor opportunities. (New teachers are assigned to a designated mentor. They also receive support from their grade level and hallway teams.)
- * Teachers may observe in other classrooms at request.
- * Reasonable class sizes
- * High quality paraprofessional support
- * Current technology and easy access to training as needed.
- * Nonessential teaching duties are limited.
- * Paperwork is limited to essential components. Items are regularly reviewed for necessity and deleted if needed.
- * District networking- Teachers may share and network in the district. Opportunities are available through e-mail, Learning Connection, and district team meetings.

- * Leadership opportunities are available and encouraged. Teachers may volunteer to serve on many different steering and planning committees on a regular basis
- * Community of affordable housing
- * Cadet teaching program with the district high school
- * Competitive salaries and benefits
- * Sick days
- * Bereavement days
- * Sick bank
- * Professional days
- * Summer vacation
- * Vacation times throughout school year
- * Free health clinic for teachers participating in the corporation health insurance
- * Access to corporation fitness facilities for personal use during designated hours.

2017-18 Title I Program

Indiana Department of Education Title I Federal Program information

Title I, Part A (Title I) of the Elementary and Secondary Education Act, as amended (ESEA) provides financial assistance to local educational agencies (LEAs) and schools with high numbers or high percentages of children from low-income families to help ensure that all children meet challenging state academic standards. The Every Student Succeeds Act (ESSA) was signed into law in December 2015 as the update to the Elementary and Secondary Education Act of 1965. ESSA replaces the previous update to the law, the No Child Left Behind Act (NCLB).

Title I, Part A Programs

The Title I, Part A Program makes it possible to expand the basic educational programs schools and districts offer with services and interventions that support struggling learners.

Title I, Part A is one of many programs governed by the Elementary and Secondary Education Act or ESEA.

There are two kinds of programs that schools can fund through Title I, Part A — schoolwide and targeted assistance.

- Schoolwide means that all students—based on academic need—are eligible to receive the additional instruction this federal program will fund.
- Targeted assistance makes it possible to provide the same benefits but only to selected students based on academic need.

Your Right to Know

ESEA directs schools and districts to notify parents about four key requirements of a Title I, Part A program.

1. Professional qualifications of teachers and paraprofessionals who instruct
2. Notification if your child's teacher is not highly qualified
3. Individual report card that lets you know how your child is progressing
4. Notification that the school has entered school improvement because its students did not make Adequate Yearly Progress—meet the state standard in math or reading or both—for two school years in a row.

Your Right to Know —Professional Qualifications of Teachers

Parents of children, who attend schools that receive Title I, Part A funding, have the right to request and receive information about the qualifications of the educators who teach their children core subjects—reading, English language arts and mathematics. The same

applies to paraprofessionals who instruct. At a minimum, the information you receive must explain these 3 essential components of an educator's qualifications.

1. Whether or not the teacher met state qualifications and certification requirements for the grade level and subject(s) he or she is teaching,
2. Whether or not the teacher has an emergency or conditional certificate by which state qualifications were waived.
3. What undergraduate and graduate degree(s) the teacher holds, including graduate certificates and additional degrees, and major(s) or area(s) of concentration.

Your Right to Know—Qualifications of Paraprofessionals Who Instruct

Districts employ paraprofessionals to provide instructional support— consistent with the instruction provided by the classroom teacher or teachers. In schools that operate a schoolwide program, all paraprofessionals who instruct must have special qualifications. In schools that operate a targeted assistance program, the paraprofessionals who instruct students served by the Title I, Part A program must also have earned these same qualifications.

1. Completed at least two years of study at an institution of higher education, or
2. Obtained an associate's or higher degree, or
3. Meet a high standard of quality either through a) the ETS ParaPro Assessment, or b) a paraeducator apprenticeship program approved by Washington state.

Notification If Your Child's Teacher Is Not Highly Qualified. ESEA directs schools to send timely notice to parents and guardians IF their child has been assigned to, or taught for more than four consecutive weeks by—a teacher of a core academic subject—who is not highly qualified.

Our School Title I Program Overview

North Vernon Elementary has a Title I Schoolwide Program. Highly-qualified staff, under Title I, provide our most in academic need students in grades Kindergarten through 6th grade additional instruction in the area(s) of language arts and/or math. Parent input and participation is very important to the success of our students. Therefore, several important Parent Involvement events have been organized to provide our parents/guardians with strategies and information to utilize with your student, as well as, to provide opportunities for parent input. We encourage our families to participate in school activities whenever possible because we believe, together we are stronger.

Jennings County School Corporation Parent Involvement Policy

2261.01 - TITLE I - PARENT PARTICIPATION

In accordance with the requirement of Section 1118 of Title I, programs supported by Title I funds must be designed and implemented in consultation with parents of the students being served.

The Superintendent shall ensure that the Title I plan contains a written statement of guidelines which has been developed with, approved by, and distributed to parents of participating students. The guidelines shall describe how:

- A. the Corporation expects the parents to be involved in the program, including their participation in the development of the plan; this is accomplished by offering annual surveys and annual meetings at each school to gather input to improve parent involvement. These surveys will be reviewed annually to evaluate the content and effectiveness of parent involvement. The Corporation also expects educators to effectively communicate with parents and all stakeholders. Monthly staff meetings are conducted to assure educators are informed as to how and when to effectively involve parents and how to communicate such involvements with parents.
- B. meetings will be conducted with parents including provisions for flexible scheduling and whatever assistance the Corporation may be able to provide parents in order to better ensure their attendance at meetings and the Corporation will provide information in a language the parents can understand;
- C. Meetings with parents will be held during parent-teacher conferences to will include review and explanation of the curriculum, means of assessment, and the proficiency levels students are expected to achieve and maintain;
- D. opportunities will be provided for parents to formulate suggestions, interact and share experiences with other parents, and participate appropriately in the decision-making about the program and revisions in the plan;
- E. parents will be involved in the planning, review, and improvement of the Title I program; Title programs;
- F. information concerning school performance profiles and their child's individual performance will be communicated to parents;

- G. parents will be assisted in providing help to their children in achieving the objectives of the program by such means as ensuring regular attendance; monitoring television-watching; providing adequate time and the proper environment for homework; guiding nutritional and health practices; and the like;
- H. timely responses will be given to parental questions, concerns, and recommendations;
- I. the Corporation will provide coordination, technical assistance and other support necessary to assist Title I schools to develop effective parental participation activities to improve academic achievement. Training materials will include resources, brochures, pamphlets, videos, eLearning instruction, as well as onsite parental sessions to assist with student learning and achievement. Sessions will be offered quarterly at all Title Schools. Parent involvement will be encouraged through the website, newsletters, invitations, emails and school-wide messaging system.
- J. an annual evaluation of the parental involvement plan will be conducted with parents, identifying any barriers to greater parental involvement (such as limited English, limited literacy, economic disadvantage, disability, etc.) and devising strategies to improve parental involvement;
- K. the parental involvement plan will be coordinated with other programs, such as Head Start, Reading First, Even Start, Parents as Teachers, and Home Instruction for Preschool Youngsters; Special Preschool. Jennings County School Corporation will offer opportunities to assure students are provided a positive transition to the next level. Such transitions occur from preschool to kindergarten; elementary to middle school and middle school to high school.
- L. other activities will be conducted as appropriate to the plan and State or Federal requirements.

The Superintendent shall also assure that each Title I participating school develops a specific plan, with parental involvement, to:

- A. convene an annual meeting at a convenient time to which parents of participating children are invited, to explain the parents' rights to be involved and the schools obligations to develop an involvement plan;
- B. devise a flexible meeting schedule and describe assistance to encourage parental involvement, such as child care, transportation, home visits, or similar aid;

C. involve parents in an organized, ongoing and timely way in the development, review and improvement of parent involvement activities;

D. provide participating students' parents with:

1. timely information about the Title I programs; Title programs;

2. an explanation of the curriculum, the forms or academic assessment and the proficiency levels expected;

3. regular meetings, upon request, to make suggestions and receive response regarding their student's education;

E. develop jointly with parents a school-parent agreement which outlines the responsibilities of the school staff, the parents and the student for academic improvement, including:

1. the school's responsibility to provide high quality curriculum, and instruction in a supportive, effective learning environment;

2. parent's responsibility for such things as monitoring attendance, homework, extracurricular activities and excessive television watching; volunteering in the classroom;

3. the importance of parent teacher communication on an ongoing basis through at least annual parent teacher conferences to discuss achievement and the agreement; frequent progress reports to the parents; reasonable access to the staff and opportunities to observe and participate in classroom activities.

Other reasonable support for parental involvement activities under section 1118 as parents may request.

34 C.F.R. Part 200 et seq.

NVE Parent Involvement Policy

North Vernon Elementary School Parent Involvement Policy and Procedures

Convene an annual meeting at a convenient time, to which all parents of participating children shall be invited and encouraged to attend, to inform parents of their school's participation in Title I, Part A, and to explain the requirement of such and the right of the parents to be involved. One week prior to the first student day, all students and their families will be mailed an invitation to attend our Back-to-School night. Upon arrival, all families will be asked to visit the Title I teachers to receive information about Title I and how students receive services at North Vernon Elementary.

Title I teachers will present a slide show explaining the Title I, Part A Federal program at the first PTO meeting in August; will point out and read the Parent Right-to-Know in the student agenda; will have students and parents sign in; will explain the SWP at North Vernon Elementary will provide web access and/or hard copies for parents to read the SWP; and will have parents fill out a short survey to receive feedback/input on the SWP and Parent Involvement Policy.

Offer a flexible number of meetings, such as meetings in the morning or evening, and may provide, with funds provided under this part, transportation, child care, or home visits as such services relate to parental involvement.

Back-to-school night event will run from approximately 4:00-6:00 pm to provide an opportunity for parents who work evening shifts. A daytime session will also be available one day during registration.

October Parent/Teacher conferences are offered two days from 4:00-8:00 pm and also during the day for parents who cannot attend in the evening.

Kindergarten round-up times are provided seven days and two evenings.

Our April parent involvement 1:1 device meeting is offered both in the morning and in the evening.

Pre-K days (Panther Cubs) are offered during the morning and during the afternoon, monthly in October- April.

Our school offers a variety of other opportunities for parents to attend school events from morning times, afternoon times and evening times.

Involve parents, in an organized, ongoing, and timely way, in the planning, review, and improvement of programs under this part, including the planning, review, and improvement of the school parental involvement policy.

Our SWP will be shared with parents at our first PTO meeting in September.

At the October parent-teacher conferences, parents will be asked to fill out a needs assessment regarding our goals and strategies for the school year.

In February, there will be parent representatives who will participate in our comprehensive needs assessment for this school year and to participate in our school-wide planning meetings for March, April and May.

Provide parents with:

Timely information about Title I programs

This will be provided at our Back-to- School event prior to the first student day and during registration.

A description and explanation of the curriculum in use at the school, the forms of academic assessment used to measure student progress, and the proficiency levels students are expected to meet.

The North Vernon Elementary website will contain information about the curriculum and assessments used at each grade level, online access, resources regarding the Indiana Academic Standards, and Skyward at home.

During October P/T Conferences, teachers will share the results for the fall NWEA and ISTEP+ for 3-6 (if available) and explain expected levels of proficiency and areas in which student scored below expected.

NWEA reports will be sent home with students three times a year to keep parents informed of student progress and proficiency levels.

If requested by parents, opportunities for regular meetings to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children, and respond to any such suggestions as soon as practicably possible

Additionally, parents will be informed by the classroom teacher, Title I teacher, counselor and/or Sp. Ed. teacher, if their student requires Tier 3 academic and/or behavioral support.

Parents will be provided an opportunity to participate in a conference for determining the Individualized Learning plan for their student.

Parents will be invited to an annual review meeting if services are still required.

Parent requests for a conference are welcome at any time.

Build the schools' and parents' capacity for strong parental involvement by:

Providing assistance to parents of children served as appropriate, in understanding such topics as the State's academic content standards and student academic achievement standards, and how to monitor a child's progress and work with educators to improve the achievement of their children.

At October P/T Conferences, teachers will share the Indiana Academic standards, the student's assessment data from ISTEP+ and/or NWEA, and how parents can monitor their child's progress.

Parents will be provided access to the parent testing portal for ISTEP+.

Parent will be provided ISTEP+ Parent letters with the student's results.

IREAD 3 Parent letters from the IDOE will be provided to parents of 3rd graders in October and results letters after spring testing results are released.

Providing materials and training to help parents work with their children to improve their children's achievement, such as literacy training and using technology, to foster parental involvement.

Our Title I teachers provide four events for providing information to parents on how to students will be utilizing technology for instruction and learning. (August, October, February and April)

Parent tips for helping students at home are on our weekly school newsletters.

Information related to standards and parent involvement are posted on our school website.

Classroom teachers send home newsletters to keep parents informed about what students are doing in the classroom.

Parents are invited to PTO meetings, monthly.

Parents are invited to attend other family events at school including:

Back to School Night

Parent-Teacher conferences in October and February

School book fairs in November and April

Holiday Programs

Family Reading Night in November

Family Movie Nights- bi-monthly

Fall Festival

Field trips

Committee meetings (i.e. school improvement/textbook adoption)

Summer reading program at the JC Public library

Coordinating and integrating parent involvement programs and activities with Head Start, Early Reading First, Even Start, the Home Instruction Programs for Preschool Youngsters, the Parents as Teachers Program, etc., conduct other activities, such as parent resource centers, that encourage and support parents in more fully participating in the education of their children. Dates for Pre-K days will be on the school calendar which goes home with all families at the start of the year.

Our Title 1 teachers coordinate visits for Head Start students to visit our school.

All K round-up dates are shared with Head Start, and a Title I teacher from the district will go the Head Start to assess any students who did not attend round-up.

Educate educators with the assistance of parents, in the value and utility of contributions of parents, and in how to reach out to, communicate with, and work with parents as equal partners, implement and coordinate parent programs, and build ties between parents and the school.

Our district conducted Ruby Payne training and book study on Frameworks on Poverty.

New staff are encouraged to read this book and attend training offered through our Jennings County United Way.

Our school has monthly PTO meetings in which parents and staff collaborate and work together for the betterment of the school.

Ensure that information related to school and parent programs, meetings, and other activities, are sent to the parents of participating children in a format and, to the extent practicable, in a language the parents can understand.

All school enrollment forms, health forms, school newsletters and parent communications are translated and sent home with students who have non-English speaking parents/guardians.

We have an ELL assistant available to translate in person or over the phone, as needed.

We utilize our ELL assistant to translate for parents at registration, Parent-Teacher Conferences, K Round-up and other events.

Other reasonable support for parental involvement activities under section 1118 as parents may request.

Includes a School-Parent Compact (See below for requirements)

(SWP schools) If the schoolwide program plan under section 1114(b)(2) is not satisfactory to the parents of participating children, submit any parent comments on the plan when the school makes the plan available to the LEA.

North Vernon Elementary Parent- School Compact

MISSION STATEMENT

North Vernon Elementary School Mission Statement:

North Vernon Elementary will provide the best possible education to every child, every day.

Our Belief Statements:

At North Vernon Elementary we believe...

- *in ensuring a safe environment free from physical and emotional harm.*
- *in treating everyone with respect. Kindness, courtesy, and compassion are extended to all.*
- *in working closely with our families and community to enhance student learning.*
- *parental involvement is essential.*
- *in providing students with work that is engaging, meaningful, and challenging.*
- *student performance determines the direction and focus of our instruction.*
- *in promoting professional development to improve student performance.*
- *in fostering an environment that is welcoming and inviting.*

SCHOOL RESPONSIBILITIES

The staff at North Vernon Elementary knows that each child is unique. We want to make every effort to carry out the following responsibilities in the best interest of your child:

1. Our academic achievement standards are as follows:

*We will communicate with you as needed to provide reports on your child's progress.

*We will provide high-quality curriculum and instruction in an effective learning environment that meets the State's academic standards.

*We will help strengthen skills taught by the classroom teacher and teach to your child's individual needs.

*All teachers are assigned to the areas in which they are certified to teach.

*Support academic success by providing: one-on-one support, small group instruction, and whole class in an appropriate manner.

*Offer extended-day opportunities to support at-risk, ELL, special needs, on-level, and/or high performing students with research based instruction, technology, and materials. (Ex. 2nd round after school tutoring, technology club, math club, spelling club.)

*Provide reasonable grade-level homework assignments directly related to state standards and supportive of classroom curriculum expectations.

2. Our school will hold parent-teacher conferences:

- *In the Fall, for grades K-6. The school-wide expectations will be discussed at that time.
- *In the Winter, a second parent-teacher conference will be held for at-risk students in grades K-6.
- *At the request of parents upon a convenient time and place for parents and teachers.
- *For case conferences.
- *For phone conferences.
- *To discuss NWEA, ISTEP+, classroom assessments, Accelerated Math, Accelerated Reader, and classroom grades as requested by parents or teachers.

3. Provide parents with frequent reports on their child's progress. Parents will have access to student reports as follows:

- *On-line grade reports and progress is available through Skyward student information/data program.
- *Midterm reports will be shared with parents at 4 ½ weeks each grading period and end of grading periods.
- *ISTEP+ tests will be administered in two parts each year in grades 3-6. Parent reports will be sent home and available online.
- *NWEA benchmark assessments will be administered three times a year in grades K-6. Parent reports will be sent home.
- *Assignment books/student folders will be used in grades K-6 for communication with students and parents.

4. Parents will have reasonable access to school staff. Parents may consult staff as follows:

- *NVE has an open door policy. All a parent must do is to notify the school or teacher that they request a conference and reasonable time will be scheduled.
- *Phone conferences are also available.
- *All teachers have access to e-mail and voicemail accounts.

5. Parents will have the opportunity to volunteer and participate in their child's class, and to observe classroom activities as follows:

- *During registration, parents complete a survey to sign-up for various classroom and school activities throughout the school year.
- *Parent volunteers are requested throughout the year. A background check must be completed and cleared before parents can volunteer on a routine basis or be placed in charge of a group of students on a field trip.
- *The school PTO organizes many opportunities for parent involvement each year.

PARENT RESPONSIBILITIES

We, as parents, will support our child throughout this school year. We realize that we are our child's first "teacher" and that we can help our child succeed in school. We agree to assist with the following:

- *Make certain our child attends school and is at school on time.
- *Notify the school if our child is absent from school.
- *Make sure our child gets sufficient rest.
- *Provide a study time to do homework and be sure it is completed.
- *Allow 15 minutes a day to read with our child.
- *Make every effort to attend school activities.
- *Make an effort to volunteer in our child's classroom.
- *Monitor the content and amount of television watched by our child.
- *Participate, as appropriate, in decisions relating to the education of our child.
- *Make positive use of extracurricular time.

*Consider serving, the extent possible, on policy advisory groups, such as being a parent representative on the school's title one committee, school support team, PTO officers, and other advisory or policy groups.

STUDENT RESPONSIBILITIES

As a student at North Vernon Elementary, I value my education. I will share the responsibility to improve my academic achievement and achieve the State's high standards by doing the following:

- *Be a responsible school citizen.
- *Do my homework and ask for help when needed.
- *Cooperate with the teachers and staff.
- *Read at least 15 minutes a day outside of school time.
- *Give my parents all notices and information received by me from my school every day.

Other School Requirements:

North Vernon Elementary School will:

1. Involve parents in the planning, review, and improvement of the school's parental involvement policy, in an organized, ongoing, and timely way.
2. Involve parents in the development of any school-wide plan, in an organized, ongoing, and timely way.
3. Hold an annual Title 1 meeting to inform parents of the school's participation in Title 1, Part A programs, explain the programs, and the rights of the parent to be involved in the said programs. The school will convene the meeting at an appropriate time to parents, and will offer a flexible number of additional parental involvement meetings.
4. Invite all Title 1 students to this Title 1 Schoolwide meeting.
5. Provide Title 1, Part A information in an understandable and uniform format, including alternate formats upon request of parents with disabilities, and, to the extent practicable, in a language that parents can understand.
6. Provide to parents if participating children information in a timely manner about Title 1, Part A programs that include a description and explanation of the school's curriculum, the forms of academic assessment used to measure children's progress, and the proficiency levels that students are expected to meet.
7. Provide parents with opportunities for regular meetings for parents to formulate suggestions, and to participate, as appropriate, in decisions about the education of their children. The school will respond to any such suggestions as soon as practicably possible.
8. Provide parents an individual student report about the performance of their child on the state assessment in at least math, language arts, and reading.
9. Provide parents with timely notice when their child has been assigned or has been taught for four (4) or more consecutive weeks by a teacher who is not highly qualified with the meaning of section 200.56 of the Title 1 Final Regulations (67 Fed. Reg. 71710, December 2, 2002).

In signing this compact, I agree to do my part support our school, students, teachers, and parents.

PARENTAL INVOLVEMENT

Community members and parents are involved in our school and have opportunities to learn about the education of their children through participation in school activities and through regular school communications such as our weekly school newsletter and continuous up-dates on our school website. A monthly Home-School Connection is sent home to provide parents with activities to complete at home, good study practices for home, and other resource ideas. At the start of school in August, parents are invited to attend our Back to School night to get information about all school programs and procedures at North Vernon Elementary. They have an opportunity to meet the teachers and learn about classroom procedures as well. They will also be provided use of computers in the lab to update student emergency and contact information for the current student management system. Additionally, parents have access to Indiana Academic Standards (College and Career Readiness standards), JCSC curriculum, and Skyward at home. Our guidance counselor and teaching staff meet with parents throughout the year to provide ideas and resources for working with their students at home. At each school's Back-to-School event or other school event in Aug., Title 1 teachers will copy the school Parent Involvement Policy and District Parent Involvement policy to send home with every student along with a signature sheet.

Our school has monthly PTO meetings in which parents may attend to learn about special programs. In October, all parents are invited to attend our Parent/Teacher Conferences to learn about their child's progress and then, in February parents may request another conference with the teacher. Each spring, we also have Kindergarten round-up. At this time, parents have the opportunity to meet with teachers to learn about our Kindergarten program. The student and parent are also invited to attend our Pre-K day activities to learn more about coming to kindergarten. Finally, throughout the year, we have numerous opportunities for families and community members to visit our school for activities including Title 1 Parent Involvement nights, music programs, special grade level activities, Grandparent Days, our Veteran's program, JCS district meetings, our Awards Program, and the PTO school events. Our Title 1 teacher will invite families to reading nights and other activities for assisting their students at home and provide some take-home kits for parent-child use.

Additionally, we have parent and/or community representatives on our school improvement committee, our textbook adoption committee, and as substitutes during the school year. We also have many parent and grandparent volunteers who help in our classrooms, library, and for special events.

Subject matter and courses are reviewed on a regular basis. Curriculum Standards have been developed in alignment with the Indiana State Academic Standards and local needs. Parents are encouraged and welcomed as active participants in the process.

North Vernon Elementary School provides information/or assistance to parents in the following:

- Parent information sessions on important curriculum transitions, such as one-to-one devices, are scheduled.
- Parent committee involvement in school-wide plan development. Presentation of school-wide plan to PTO. School-wide plan posted to school website.

TRANSITIONS

Preschool Transition Plan

The JCSC preschool coordinator communicates with the First Steps administrator to assure continual communication regarding students with disabilities who are served through First Steps. For a child enrolled in the First Steps program, (ages birth to thirty-six (36) months) planning for the preschool program begins at 30 months when First Steps provides basic information to JCSC. At least 90 days prior to the child's third birthday a conference convenes to discuss any services the child may need. The transition from First Steps to preschool is to proceed smoothly and services are provided to assure an appropriate program.

Kindergarten Readiness Plan

Kindergarten round up at North Vernon Elementary will feature sessions for both students and parents to increase their familiarity with North Vernon Elementary. Kindergarten round up each spring will feature informational sessions for parents to help ease student transition to North Vernon Elementary. After students complete their initial assessments, they will also have time to work with North Vernon Elementary staff on additional high interest activities to increase their anticipation of starting school. An informational and educational take-home-bag will also be provided to families. This bag will include information about our school and activities that children can complete to help them prepare for school.

6th-7th grade Transition Plan

Jennings County Middle School offers students the opportunity to ease the transition from elementary to middle school. During April and May of their 6th grade school year, these future students are invited to visit the middle school on a field trip with their sixth grade classmates. Students will be introduced to principals and counselors, given a tour of the building, and familiarized with the middle school day. They are given the opportunity to visit classrooms and ask questions about the middle school. During spring of the sixth grade year, a middle school counselor will visit each of the elementary schools. The sixth grade teachers will make class recommendations according to the student's current progress to ensure the students are placed appropriately in seventh grade classrooms. Sixth grade students in the special needs program are involved in a transition conference discussing services at the middle school level.

The summer prior to attending Jennings County Middle School, students are given two additional opportunities to ease the transition between schools. Students and parents are able to attend a day of registration and a day of orientation. During orientation, JCMS teachers assist students with opening lockers, touring the building, discussing school rules and expectations and answering any questions students might have about attending JCMS.

SAFE AND DISCIPLINED LEARNING PLAN

Policy or Student Rules

A variety of emergency situations can occur in a school setting at any time. These include natural disasters (fire, tornado, earthquakes, etc.) or man-made crises (bombs, student unrest, hostage situations, etc.) It is critical that schools recognize the necessity of having appropriate emergency crisis intervention plans in place should a crisis occur affecting a campus or bus in the school system. Each school is required to conduct fire, severe weather and intruder drills.

While schools cannot prevent all emergencies, they can at least be prepared to respond quickly, efficiently, and appropriately when they do occur in order to contain damage and to ensure the safety of students and staff members.

The Board of School Trustees and Administration of the Jennings County School Corporation acknowledge the necessity to prepare crisis intervention guidelines in the

event an emergency should occur. Our children and staff have a basic need for security and safety. Any event which threatens their safety and security will be considered an emergency. There are potential emergency situations that could impact the School Corporation. Those include, but are not limited to the following kinds of situations: natural disaster, accidents, hazardous materials releases, acts of violence, trauma, death, and suicide.

JCS schools implemented *Time to Teach* in 2014. This behavior intervention plan creates research based instruction to provide students and teachers with the tools necessary to manage classroom behavior. Teachers provide *Teach-To's* for routine classroom procedures allowing students to see the appropriate way to complete these procedures. Teacher also have been trained in remaining calm and responding correctly, determining which behaviors should be ignored or addressed, avoiding power struggles, providing personal space, and using diffusers. Students learn how to control their actions and refocus on an item that has interfered with the learning of their classmates and themselves.

STATUTES AND RULES

Jennings County Schools abides by the rules and regulations as stated in the Indiana School Laws and Rules for 2017-2018.

We request no statutes or rules be waived for Jennings County Schools.

Consolidation of Funds in a school wide program

North Vernon Elementary chooses not to consolidate any funds at this time. Many budget items are within district budget control. NVE will work to coordinate all funds so that they may most effectively support our goals of raising achievement and supporting our students. These funds are used to support classroom materials, remediation activities, parent involvement, high ability students, ELL students, and students with special education needs. Listed below are the funds currently used at NVE to support instruction that will remain unconsolidated:

- Title 1 Grant
- School Funds
- Jennings County Community Foundation
- High Ability Grant
- North Vernon Elementary P.T.O.
- Special Education

- ELL
